Election/Restrictions

Newly submitted claims 1, 2 and 16 to 27 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Original group I, claims 1 and 2 are directed to a steel alloy composition without any heat treatment whereas the newly amended and submitted claims 1,2 and 16 to 27 are directed to warm-forged and normalized steel alloy.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1,2 and 16 to 27 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since there are no claims directed to the originally elected invention left for consideration on the merits, the amendment is non-responsive. Applicant is given one month from the date of this action to complete the response by submitting claims directed to the originally elected invention for consideration, or take other appropriate action. No extension of this time limit will be granted under either 37CFR 1.136 (a) or (b).
